

Annual Report on the Administration of
the *Privacy Act*

Canadian Air Transport Security Authority

2022-2023

Canada

I - INTRODUCTION

The purpose of the *Privacy Act*, (“the Act”), is to strengthen Canada’s laws that protect the privacy of individuals with respect to personal information about themselves held by a government institution and that provide individuals with a right of access to that information.

This Annual Report on the Canadian Air Transport Security Authority’s (CATSA) administration of the *Act* has been prepared in accordance with section 72(1) of the *Act* and is hereby submitted for tabling in Parliament under Section 72(2) of the *Act*.

This is CATSA’s 20th Annual Report, as this fiscal year marks the 20th anniversary of the establishment of Canadian Air Transport Security Authority . Over the last 20 years, a tremendous amount of work has gone into developing new programs and initiatives to ensure CATSA continuously delivers the highest level of air transport security for Canada.

Previous such reports are available under the “Corporate Publications” heading of the “About Us” page on the www.catsa.gc.ca website.

II - THE CANADIAN AIR TRANSPORT SECURITY AUTHORITY - MANDATE

Established as an agent Crown Corporation on April 1, 2002, CATSA’s mandate is to protect the public by securing critical elements of the air transportation system as assigned by the Government of Canada.

Fully funded by parliamentary appropriations, CATSA is accountable to Parliament through the Minister of Transport. CATSA is governed by a Board of Directors. Operations are directed by a senior management team. CATSA currently contracts security screening to third-party contractors.

CATSA delivers on its mandate of securing Canada’s air transportation system by conducting the following activities across 89 of Canada’s designated airports:

1. **Pre-Board Screening (PBS)** - The screening of passengers and their belongings prior to their entry into the secure area of an air terminal building;
2. **Hold Baggage Screening (HBS)** - The screening of passengers checked (or hold) baggage to prevent the boarding of prohibited items;
3. **Non-Passenger Screening (NPS)** - The random screening of non-passengers accessing restricted areas; and
4. **Restricted Area Identity Card (RAIC)** - The program that uses iris and fingerprint biometric identifiers to allow non-passenger access to the restricted areas of airports.

Under an agreement concluded with Transport Canada in 2010, CATSA has the authorization to conduct screening of cargo at smaller airports if there is capacity to do so. Each of these activities is carried out effectively, efficiently, consistently, and in the public interest, as required by the *CATSA Act*.

IMPLEMENTATION OF THE *PRIVACY ACT* AT CATSA

The Manager of Privacy and ATIP, who is also the organization's Access to Information and Privacy (ATIP) Coordinator, is responsible for processing requests received under the *Act*, and privacy policy and compliance. A Senior ATIP Advisor supports the ATIP Coordinator in processing requests under the *Act*, and a Privacy Advisor supports the privacy policy and compliance functions. A Disclosure Advisor provided support for disclosures of personal information under Paragraph 8 of the *Act*.

The ATIP Coordinator reports directly to the General Manager, Corporate Security, Facilities, and Information Management. The Vice-President, Corporate Services and Corporate Secretary serves as CATSA's Chief Privacy Officer (CPO) and reports directly to the President and Chief Executive Officer.

CATSA's Privacy Office responsibilities regarding the *Act* are as follows:

- receive and process all requests in accordance with the *Act*;
- assist requesters in formulating their requests when required;
- gather all pertinent records and ensure that the search for information is rigorous and complete; receive and process all disclosure requests in accordance with the *Act*;
- conduct the initial record review and provide recommendations to the program areas;
- conduct all internal and external consultations;
- consolidate recommendations and apply all discretionary and mandatory exemptions under the *Act*;
- assist the Office of the Privacy Commissioner (OPC) in all privacy-related matters including complaints against CATSA;
- prepare annual reports on the administration of the *Act*;
- coordinate the annual Info Source update;
- work with representatives throughout the organization, complete Privacy Impact Assessments for any new or substantially modified activity, program or system that collects or uses personal information;

- provide ongoing advice and guidance to senior management and staff on matters related to privacy;
- promote privacy of personal information awareness and training sessions to ensure that all staff are aware of the obligations imposed by legislation;
- respond to consultations received from external organizations;
- develop and maintain privacy policies and guidelines;
- stay current on, and promulgate within CATSA, any changes to administrative requirements for the Act from the Treasury Board of Canada Secretariat, or guidance prepared by the Office of the Privacy Commissioner; and
- participate in ATIP community activities and ATIP community meetings.

During 2022-2023, CATSA regularly engaged the OPC to discuss initiatives potentially impacting privacy.

III - DELEGATION OF SIGNING AUTHORITY

In accordance with section 73(1) of the *Act*, a delegation order, signed by CATSA's President and Chief Executive Officer (CEO), designates the person holding the position of ATIP Coordinator to exercise and perform the privacy duties on behalf of the organization. CATSA welcomed a new President and CEO, Nada Semaan on April 3, 2023. A new delegation order was issued on July 27, 2023.

The signed and dated delegation order is attached to this report as Annex A.

IV - STATISTICAL REPORT INTERPRETATION

***Privacy Act* Requests Received and Completed**

In the fiscal year, CATSA received four new *Privacy Act* requests, which is approximately 50% less requests processed than in the previous fiscal year.

One file was carried over from the previous fiscal year. Of the five *Privacy Act* requests completed during 2022-2023, CATSA processed 763 pages; an average of 153 pages per request.

Chart I: Annual Formal Requests Received

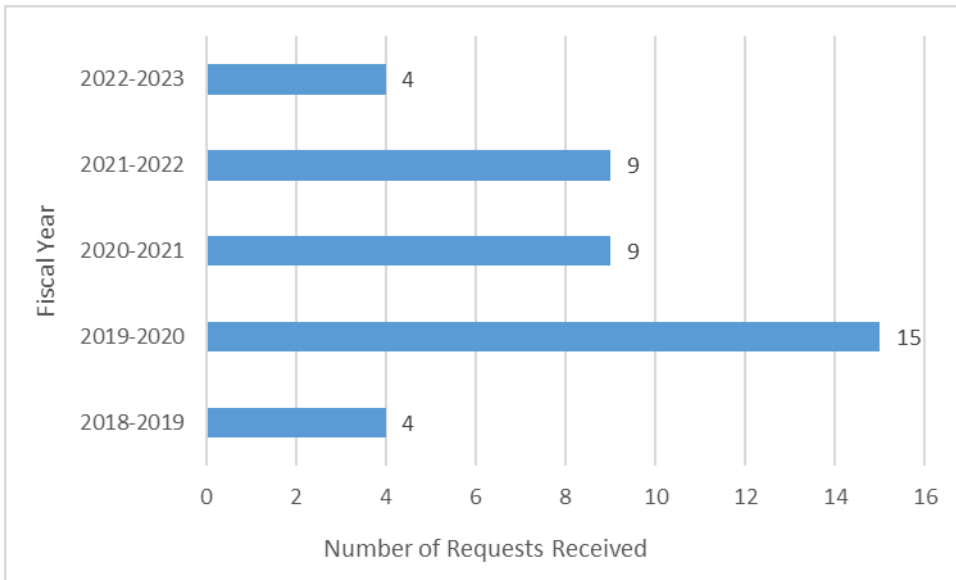

Chart II: Average Number of Pages Processed per Request

Multi-Year Trend

Over the past number of fiscal years, the number of *Privacy Act* requests submitted to CATSA has fluctuated. Some CATSA *Privacy Act* requests are from members of the travelling public who wish to know if CATSA has any of their personal information on file.

Completion Time

Of the five *Privacy Act* requests completed during the 2022-2023 fiscal year, CATSA was successful in responding to 88% of them within the statutory time frame. This result demonstrates CATSA's commitment to ensuring that all efforts are made to complete its requests in a timely manner and in compliance with the *Privacy Act*.

Disposition of Completed Requests

Of the five completed requests:

- 3 files (60%) were disclosed in part.
- All requests disclosed were delivered electronically and two files in video format.

Exemptions Invoked

Where privacy exemptions were invoked, these reasons were cited:

<u>Reason</u>		<u>Number of Cases</u>
International affairs	S. 21	1
Personal information	S. 26	3
Legal advice	S. 27	3

Extensions

For the five requests completed in 2022-2023, three extensions of an additional period between 16 to 30 days was taken due to two files needing further review to determine exemptions. The files were for the viewing of video footage and making arrangements for the individuals to view the footage make the requests more complex, costly, and labour intensive. The third extension was for one file that contained a large volume of pages for review.

Consultations

During this reporting period, CATSA received no consultations from other government departments. No consultations were pending at the end of the previous reporting period.

The full Statistical Report on the Administration of the *Act* is attached as [Annex B](#) and Supplemental Statistical Report on *Access to Information Act* and the *Privacy Act* is attached as [Annex C](#).

V – TRAINING AND AWARENESS

The Privacy Advisor and ATIP Coordinator are actively pursuing the designation of Certified Information Privacy Professional - Canada (CIPP/C), and keep current through professional development opportunities such as attendance at conferences and peer communication in order to provide the most up to date privacy training.

CATSA continues to provide staff with privacy training, most recently in accordance with its Privacy Training and Awareness Plan adopted in June of 2020. The training plan outlines specific privacy training and awareness activities accessible to various groups, including specific and relevant guidance on how CATSA employees should incorporate privacy considerations into their day-to-day job functions, especially for those with elevated access to personal information.

In 2022-2023 CATSA continued to make the privacy e-module training mandatory within 90 days of start of employment. At the end of the fiscal year, 92% of the all CATSA employees had complied and completed the training.

For the upcoming fiscal year, CATSA will be working to update this training by changing the requirement to within 30 days of the start of employment and updating the e-module as per the training plan on a triennial basis.

CATSA offers additional privacy training during a virtual orientation sessions for new employees and directed training to business areas.

VI - POLICIES, GUIDELINES, PROCEDURES AND INITIATIVES

In October 2022, TBS published additional privacy safeguards for contracts and information sharing agreements (ISAs) as part of their *Directive on Privacy Practices*. CATSA elected to implement the requirements that were straight forward immediately, to work towards total compliance, while awaiting additional guidance from TBS on requirements that required further clarification on government expectations.

The Privacy Office undertook a continued assessment of the activities and evidence in our Privacy Management Framework. The review confirmed that no gaps were identified in the framework itself. Methods of monitoring compliance were noted as needing ongoing refreshing such as the Risk Registry and Personal Information Inventory. These documents need to be consistently updated to include the actual present practices and any changes in processes undertaken. The Privacy Office also intends to document longer-term activities and projects to maintain CATSA's compliance to privacy laws, regulations and best practices as part of a strategic plan to be completed in 2023-2024.

VII - RESPONSE TO KEY ISSUES RAISED

During the reporting period, one new complaint has been received under the *Act*. The complaint was resolved.

VIII – MONITORING COMPLIANCE

CATSA's Privacy Monitoring Plan serves to strengthen compliance monitoring practices beyond the Privacy Impact Assessment (PIA) and breach management processes, and provides an effective way to evaluate the status and maturity of CATSA's Privacy Program.

Reports on the CATSA's Privacy Program are submitted to senior management semi-annually, with a briefing in June and again in October.

IX – MATERIAL PRIVACY BREACHES

No material privacy breaches occurred during the reporting period.

X - PRIVACY IMPACT ASSESSMENTS

Privacy Impact Assessments (PIAs) provide a framework to ensure that the protection of personal information is considered throughout the design or re-design of a program or service. PIAs identify the extent to which proposals comply with all appropriate statutes and legislation. They assist managers and decision-makers to avoid or mitigate privacy risks and promote only fully informed policy, program and system design choices.

During the 2022-2023 fiscal year, there were no PIAs completed.

XI – PUBLIC INTEREST DISCLOSURES

There was one disclosures were made under paragraph 8(2)(m) of the *Act* during the reporting period. The disclosure was to benefit the individual and a very limited amount of personal information was disclosed.

COLLABORATION

CATSA is a strong advocate of collaboration, both internally within the organization as well as within the Privacy Community.

CATSA – The Privacy Office regularly engages with various internal groups to provide advice, ideas and best practices. Regularly engaging with representatives from across the organization naturally allows a better understanding of issues and activities that are occurring operationally, and what may impact or be of interest as a whole.

Privacy Community – The Privacy Office also has regular consultations with other Crown Corporation privacy offices as well as with the Treasury Board Secretariat through quarterly ATIP community meetings. These discussions encourage the sharing of valuable knowledge and experience.

Regulatory Community– The Privacy Office seeks out advice and guidance from regulators such as the Government Advisory Directorate of the Office of the Privacy Commissioner. Their office provides informal, proactive advice and guidance on programs and activities where there is clearly privacy impacts.
